

1. It was observed that 4 out of 5 subjects had trouble finding the 3 dots sub-menu.
This means that the 3 dots sub-menu is difficult to find for almost all users.
2. It was observed that 3 out of 5 subjects had a hard time knowing what to do first to create a label.
This means that for most users, it's not immediately clear how to create a new label.
3. It was observed that 2 out of 5 subjects saw a use for labels.
This means that labels are useful for most people, but not an overwhelming majority.
4. It was observed that 3 out of 5 subjects were confused by the word "nest" when adding a sub label.
This means that not everyone is familiar with the term "nesting" or this specific use.
5. It was observed that 3 out of 5 subjects had trouble changing the color of the "Shopping" label.
This means that most users were unsure how to change the color of a label.
